The School of Health and Human Sciences is seeking to appoint a technical member of staff in Dental Technology. We would welcome applications from talented individuals from across the discipline who can demonstrate a broad range of practical and organisational skills with experience in dental technology.

As a Technician you will be part of a high-performing team of academics committed to the delivery of quality GDC approved programmes at Undergraduate level and Higher Apprenticeships with a specific focus on achieving excellence in the student learning experience. As a member of a highly productive and performance-oriented academic organisation, your duties will include supporting staff and students as part of the course delivery. You will also play a key role in managing teaching laboratories, maintaining equipment, compliance with Health and Safety regulations and material stock control.

You should hold an appropriate dental-related technology qualification and be registered with the GDC with a commitment to maintain professional standards.
