University of Bolton
Faculty of Well-Being and Social Sciences
Semester One Examination 2011/12
Differential Diagnosis
Module No. SRB3015

Answer BOTH questions where applicable using evidence based references

1. Analyse in terms of pathophysiology the clinical manifestations of Motor Neurone and Parkinson's Disease. Integrate this with further information regarding the epidemiology, aetiology of the diseases and whether treatment is within your scope of practice.
(50 marks)

2. Analyse in terms of pathophysiology the clinical manifestations of Rheumatoid Arthritis (RA) and Gout. Integrate this with further information regarding the epidemiology, aetiology of the conditions and whether treatment is within your scope of practice.
(50 marks)
