

Read & Write 8 Gold: Changing the Pronunciation (“Say Like”)

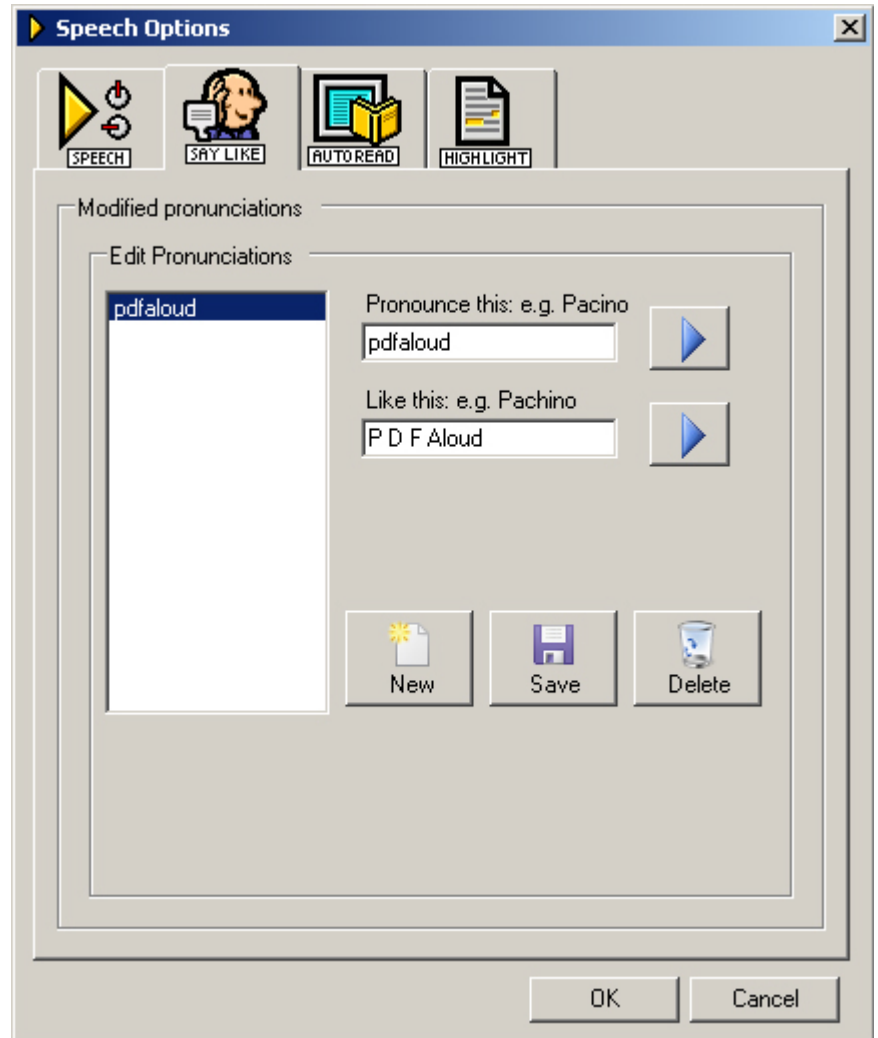

Click on the **Say like** tab to customise the way Read & Write pronounces words.

Enter the required word in to the first box, entitled **Pronounce this**. Click the blue arrow to hear how Read & Write pronounces it.

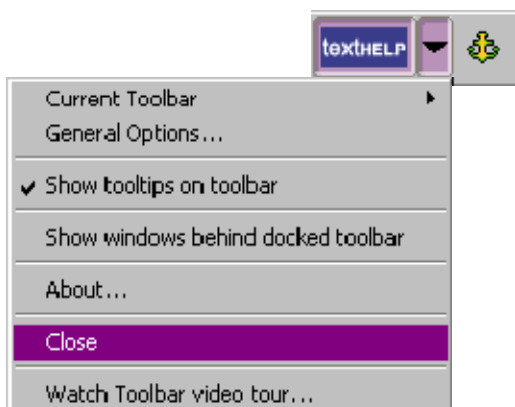

Type it the way it should sound in the second box, entitled **Like this**. Click the blue arrow to hear how it sounds – change it as much as you want until it sounds right.

When you’re satisfied, click the **Save** button.

You can do as many words as you like. When you’ve finished, either click **OK** to exit the Speech Options, or click on another tab to change something else.

You can also see a video demonstration by clicking the Speech drop-down menu and clicking on **Watch Speech video tour**.

Remember to close Read & Write before logging out, or none of your new settings will be saved.

To do this, click the **Texthelp** button and click on **Close** from the drop-down menu.
