

NAME: ADAM JOHNSON

POST: NON-SABBATICAL OFFICER (OPEN- PORTFOLIO)

Hi, my name is Adam Johnson. I am currently studying Sports Development. This is my first year at the University of Bolton and so far the Students' Union has been a massive help to me. This first year of University has not been easy; every one of us goes through the ups and downs of student life. I have faced many of the problems that arise for students and I hope if elected I'll be able to help students to overcome these problems. My main area of focus will be on Sports and Societies but I also relish the opportunity to focus on other areas of student life.

If you vote for me I will endeavour to improve:-

Sport clubs and Societies

More male and female sports teams that have the opportunity to compete in the British University & College Sport leagues (BUCS). As well as recreational training so that every student can play some role in sport at University.

Maximise memberships for Sports and Societies

Sports teams this year have struggled week in week out to get the required number for their games on Wednesday, if elected I will do my utmost to improve the promotion of clubs and societies, not only at the fresher's fair but throughout the year.

More Students' Union events throughout the year

I will endeavour to get the Students Union to put on more events in addition to the current Poker night and Quiz night. I will try to get what you want.

Promote the activities of all Sabbatical and Non-Sabbatical Officers

Everyone has different views on different aspects of our Students' Union and they are all valid, I will make sure that their views are put across to every member of the student body.

If elected as a Students' Union officer I am open to any views of YOU, the student body. I will endeavour to the best job possible to make them happen.

If you want to see changes then please:

Vote Adam Johnson #1 for Non-Sabbatical Officer.
