

Office 365 - Students

Setup Office365 Cloudmail on Your Mobile Device

Install the Microsoft Outlook app to your device via Google Play Store or Apple App Store.

You will need to select '**Activate**' twice to both screens if prompted to accept the security requirements.

Select '**Skip**' to adding another account and '**Skip**' Focused inbox if Preferred to complete the process.

Alternatively you can gain access to your university email account via the following link:
