<p>5. Main Purposes and Distinctive Features of the Programme</p> <p>The main purpose is to be able to recognise and evaluate intrinsic aspects of vocational education. There is an in-depth analysis of the role of vocational education with a recognition that over recent years there has been a growing belief that one of the key requirements for a country's growth and development is an effective vocational training system. Such a system should be capable of equipping trainees with the transferable skills and knowledge necessary in today's fast changing world. Competency-based training is now widely regarded as providing the most effective means of achieving these goals. In the UK, competency-based training has led to the development of a framework of National Vocational Qualifications (NVQs) and General National Vocational Qualifications (GNVQs).</p> <p>6.
