

COVID-19 STUDENT COMMUNITY PLEDGE

The purpose of this pledge is to show I know that health and safety is a shared responsibility and that COVID – 19 is a shared risk.

I will do whatever I can to support maintaining safe and healthy communities in which I live and learn.

Therefore, as a University of Bolton student, I pledge to my fellow students to:

- Keep up to date on current, national and local government guidance and will frequently check the student FAQs for updates.
- Follow strict personal hygiene guidelines in terms of frequent hand washing and utilising hand sanitiser when necessary.
- Wear a face covering (over both my nose and mouth) whilst inside buildings on campus.
- Remember that not all disabilities are seen – so someone not wearing a mask will most likely have a very valid reason.
- Adhere to the one-way system that has been implemented on campus.
- Respect my fellow students and University staff by abiding by the social distancing rules at all times.
- Refrain from greeting my friends with physical contact such as hugs, fist pumps and handshakes.
- Only come on to campus during my timetabled sessions and leave on time at the end of the session.
- **NOT** to attend campus if I am displaying any symptoms of COVID-19, instead I will follow the current rules on isolating, take a COVID-19 test and if I have tested positive, I will notify the University and participate in the track and trace process.

In addition to the above, I pledge to my local community that I will:

- Wear a face covering whilst shopping in my local community and in any other areas as required by Government guidance.
- Abide by current social distancing rules whilst visiting the pub including how many people I can socialise with outside my household.
- Keep to the current rules about how many people from different households I can invite to my house / garden.
- Do my best to make sure those I live with understand the rules in place.
