

Job Description

Position:	Senior Lecturer
School:	Engineering
Reference:	ENG-170/A
Grade:	Grade 8
Status:	Permanent
Hours:	Full-time
Reporting to:	Head of School/Dean of Faculty

Main Function of the Position:

To lead and teach on undergraduate and taught postgraduate Geospatial and Digital Engineering, and related programmes, leading as appropriate in dedicated areas.

To contribute and lead, where appropriate, to commercial income generation activity, and will undertake research and scholarly activity to contribute to the development of new areas in their relevant subject field.

To be responsible for leadership and delivery of teaching, assessment, curriculum development and associated research and enterprise initiatives

Principal Duties and Responsibilities:

1. The management and direction of academic/research team(s), students and learning resources as assigned by the Head of School.
2. Be responsible for the design, delivery and on-going evaluation of relevant modules/programmes, ensuring School objectives and learning outcomes are met, and reflects relevant content and current practice.
3. Develop and monitor innovative and creative appropriate assessments which measure student performance and understanding, to ensure learning outcomes have been met.
4. To provide effective management for academic leadership on under and postgraduate programmes in Geospatial and Digital Engineering and related subject areas, and the process of enrolment, induction, student choice, module scheduling and provision of any relevant student information.
5. Challenge ideas, foster debate and encourage students to develop skills in critical discourse and rational thinking.
6. Use a variety of learning and teaching methods/materials (e.g. web-based and blended learning) to enhance the student experience.
7. Take responsibility for the pastoral care of students within a specified area, referring problems on where complex or serious.
8. Lead others and plan assessment deadlines and specific teaching arrangements to ensure student needs and expectations are met and that time and resources are used effectively.
9. Undertake research or other agreed scholarly activity in order to contribute to the development of School Practise.
10. Manage the demands of teaching, administration, research and scholarly activity to ensure competing deadlines are met.

11. Design, review and adapt academic/programme content and guidance materials by interpreting student feedback pre-empting needs to enable input to the overall development of the programme and enhance and support student progression and experience.
12. Identify and prepare proposals and applications to external bodies, as required, to secure research funding and generate additional income/opportunities for the University.
13. Write and publish results of high quality and innovative research within national and international literature and peer reviewed journals developing appropriate research methodologies to further scholarly activities.
14. Supervise the work of taught postgraduate and/or research students, as required, to support the development of student research skills.
15. Develop research objectives for own/and/or collaborative research in line with funding criteria. Act as a referee and contribute to peer assessment for appropriate journals as required.
16. Identify gaps in course content and programme structure with colleagues and devise creative solutions which meet the requirements of overarching teaching frameworks.
17. Proactively and effectively engage with quality assurance procedures, contributing to papers as appropriate, to ensure School/University standards are upheld.
18. Provide support, guidance and training to junior members of staff on the skills, processes, and activities relevant to the School. Provide feedback to colleagues via peer mentoring schemes to support development of self and others and ensure continuous improvement of the School's performance.
19. Contribute to and assist in appropriate pre-entry, recruitment, selection and admissions activities (including Open Days/Industry and Partner Visits) to promote the School and identify student needs and expectations. Coordinate student events ensuring appropriate use of time and resources.
20. Interact on a professional level with relevant internal and external professional bodies to ensure currency of knowledge, relevancy and accreditations.
21. Ensure a safe working environment and abide by University health and safety policies and practices and to observe the University's Equal Opportunities policy and Dignity at Work policy at all times.
22. Awareness of environmental and sustainability issues and a commitment to the University's associated strategy with respect to the performance / delivery of key responsibilities of the role.

Note:

This is a description of the position requirements as it is presently constituted. It is the University's practice to periodically review job descriptions to ensure that they accurately reflect the role requirements to be performed and if necessary update to incorporate changes were appropriate. The review process will be conducted by the relevant manager in consultation with the position holder.

Person Specification

Position: Senior Lecturer Geospatial and Digital Engineering		Reference: ENG-170/A	
School: Engineering		Priority (1/2)	Method of Assessment
Criteria			
1	Qualifications		
1 a)	Honours degree in a relevant subject area	1	Application Form / Documentation
1 b)	A postgraduate Masters qualification in relevant subject area	1	Application Form / Documentation
1 c)	Membership/qualification of a relevant professional body e.g. RICS, ICE, CICES	1	Application Form / Documentation
1 d)	A relevant teaching qualification and fellowship status of the Higher Education Academy (HEA), or a willingness to obtain fellowship membership of the HEA within a specified time frame	1	Application Form / Documentation
1 e)*	PhD/Professional Doctorate or willing to complete within specified timescales, or equivalent level qualification or outstanding achievements in the professional field see note 4*	1	Application Form / Documentation
2	Skills / Knowledge		
2 a)	Proven ability and commitment to undertake appropriate subject specific research and/or enterprise activity and ensure it informs teaching	1	Application Form / Interview
2 b)	Able to successfully and effectively lead and manage academic/research programmes and teams	1	Application Form / Interview
