SIZING & WHAT TO WEAR

×

GOWNS

Please give your full height from head to toe in metres and centimetres or feet and inches. If your chest is over 52" (132cm) you will be asked to supply exact measurements. When measuring your height please do not wear any footwear with a heel.

HATS

Please supply the measurement for the circumference of your head, taking the measurement from one inch (2.5cm) above your eyebrows (see diagram). Please note that a hat is not always worn at graduation ceremonies, but you will be advised of your ceremony dress code when placing your order.

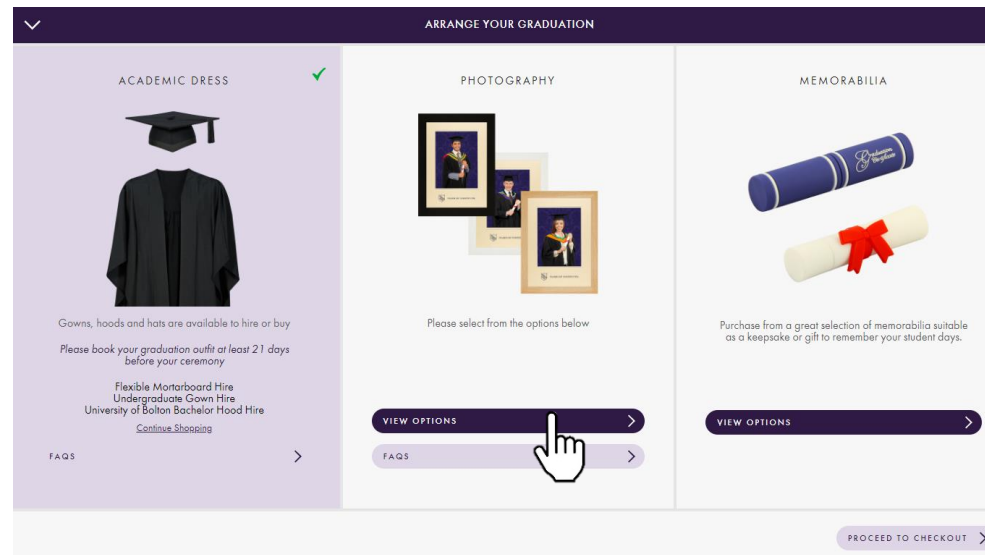

WHAT TO WEAR

When dressed in the graduation attire your arm, from the elbow down, will be visible against the gown and you may therefore want to wear a jacket if you don't want a shirt sleeve to show. Although most gowns and hoods now have velcro, it's still a good idea to wear something with a buttoned front as it will help the hood neckband sit better. The style and colour of your academic dress will depend on your institution. You will be shown this when you place your order and may wish to consider it when choosing your outfit.
