

SharePoint Developer

Department:

Information Systems & Technology
Ref: IST-091/P

Salary:

Salary in the range of £25,627 to
£30,497 per annum

***Closing date for applications:**

**12:00 noon on Friday 2 September
2022**

Interviews are expected to take
place within 4 weeks of the closing
date.

An application form, job description and person
specification can be viewed on our website:
[https://www.bolton.ac.uk/staff-area/professional-
services/about-hr/vacancies](https://www.bolton.ac.uk/staff-area/professional-services/about-hr/vacancies) or requested by
email: jobs@bolton.ac.uk.

Applicants need to be aware that only a
completed application form will be considered,
unless it is specifically indicated in an
advertisement that a CV will be accepted. Where
appropriate, you should include a list of all
publications when submitting your application.
Please ensure you quote the position reference
number on all applications submitted.

If an applicant is interested in more than one
vacancy, a separate application must be
submitted for each vacancy to ensure that the
individual role requirements are addressed.

Candidates must be eligible to work in the UK, for
more information please visit
<https://www.gov.uk/check-uk-visa>. No agencies.

*Please note, the University reserves the right to
shorten/extend the closing date of any position
where a high/low volume of applications are
received.

Are you interested in joining the number one University in Greater Manchester for student satisfaction?

Due to our ongoing growth we are embarking on an
exciting programme to develop a Digital Workplace
for our students, staff and partners; creating new
systems to support location-independent and hybrid
working. To do this we to take more services and
processes on-line and SharePoint is one of our
chosen technologies for this.

This role is an opportunity for you to acquire or further
develop your SharePoint skills and would suit a
candidate with a good broad IT background,
experience and understanding. You will need good
analysis, problem solving and creative skills, and be
familiarity with coding and designing for web. With
good communication skills and well organised, you
will be working closely with internal customers to set
up SharePoint sites and workflows to solve their
problems.

You should have a good standard of education – a
degree/HND in a relevant subject (or relevant
experience) will give you the confidence to succeed.

We ask a lot from our staff but in return, you will
receive a competitive benefits package including
access to the Local Government Pension Scheme, an
employee benefits scheme and generous annual
leave entitlement. As a small University, you will have
opportunities to work with colleagues across campus
to support and deliver the best student experience
possible.
